<p><b>AUGUST VITAMIN DRIVE</b>            Join Social Concerns in their efforts to collect vitamins (new or old) and other leftover prescription pills, analgesics and any other over the counter medications for the people of Honduras and Guatemala. Because of the conditions the multi vitamins are needed to rebuild the strength of adults and children who have been treated for parasites. Hearts in Motion sorts the used medicines before sending them onto Guatemala or Honduras. They are distributed by volunteer doctors brought over by HIM. Please help us....The need is great!            We are also collecting old eyeglasses.</p>						1
